Support people with a learning disability
and autistic people to live the lives
they want.

What we do

We support 550+ adults with a learning disability and autistic people across Sussex to have happy, healthy and fulfilled lives.

We are committed to delivering projects and services that enable and empower the people we support to live the lives they want, responding to their needs and priorities.

Our Charter identifies these priorities and inspires everything we do.

1. To be listened to
2. To be part of our community
3. To have strong and supported relationships
4. To have good housing
5. To try new things
6. To have jobs
7. To be healthy
8. To travel around

Together with your support we can deliver pioneering and innovative projects that enrich and transform lives. Projects such as Employability which provides training and support for people to develop the skills and confidence they need to get a job; Travel Buddy enabling people to travel independently so they can access opportunities and activities within their community; and our Active Lives programme which encourages people to try new things and get active, promoting positive mental and physical health and well-being.

If you would like to discuss your partnership opportunity, please contact our Fundraising Manager, Debbie Pellett: dpellett@grace-eyre.org.

"At The Brighton & Hove Estate Agents Association we support a different charity each year and it is really important for our members that it is a charity they can engage and empathise with. We were invited to visit Grace Eyre and see what they were all about, it was humbling to meet such an energetic community and seeing the level of support and nurturing was just incredible. We instantly knew that this was a cause our members would love to support! The team were also an amazing support to us, they supplied marketing material to help spread the message, attended events to help with the fundraising and also helped us with some awesome prizes to enhance our events. Working with Grace Eyre and helping in just a small way was an absolute privilege and we look forward to working with them again."
